To Whom It May Concern:

It is with great pleasure that I write this letter of recommendation for Jessica Tsu Jones. Jessica has been a fifth grade teacher at Floyd Elementary this year. She was a very conscientious and hardworking teacher. Jessica always went the extra mile in her preparation for teaching her students. She put in a great deal of time making both her classroom and her materials inviting and educational. She used technology in many of her lesson presentations. She has very strong technology skills. She is a life long learner and she is always willing to better her skills through professional development.

She was an integral part of the fifth grade team. She participated in the fifth grade professional learning community and she was always willing to share her knowledge and expertise with others. She taught her students using varied learning modalities. She used "best practices" and adjusted to the needs of her students.

Jessica was a team player on our staff. She performed all of her extra duties without complaint. She had great communication with her colleagues and parents. She also served as a student council advisor without receiving any extra pay.

I feel very lucky to have had such an outstanding teacher as a part of my staff. I never had to worry about what was going on in Jessica's classroom. I could walk in at anytime and there would be quality instruction happening. I feel she is an exceptional teacher that would do very well in any teaching position. The only regret I have is that Jessica was laid off, and I have no position for her at this time.

If you have any further questions, feel free to contact me at any of the numbers listed above.

Sincerely,

Mrs. Holly Lepisto, Principal
